

Pua Lay Hoon (潘丽云)
Deputy Director, Nursing (Education and Practice)
Tan Tock Seng Hospital
Age: 45

Lay Hoon is a proven Educator, a passionate and most effective teacher who has contributed immensely to the training of nurses. She empowers and motivates her staff at every rank, and is a champion for all her students, advocating for their rights to realize their fullest potential. Nursing Students, to her, is her duty to nurture for the future nursing profession.

A hallmark example is her advocacy for upgrading the Enrolled Nurses. In 2009, she actively reviewed and campaigned for the reinstatement of the bridging programme so that Enrolled Nurses have the chance to study to become Staff Nurses. Finally in 2010, with the support of the then Chief Nursing Officer, the bridging programme was successfully reinstated.

In 2013, she was pivotal in aiding TTSH to be conferred the Pathway to Excellence Accreditation by the American Nurses Credentialing Centre (ANCC). This made TTSH the first international hospital to achieve this accreditation. In 2014, she and her team achieved the ANCC accreditation for TTSH to be a Continuing Education provider.

At National level, Lay Hoon is a Member of both the Singapore Nursing Board and the National Nursing Taskforce’s Education committee. From 2009-2013, she was also a Committee Member for Lee Kong Chian School of Medicine. Internationally, she has been an External Examiner with the Nursing Faculty of Tengku Abdul Rahman University, Malaysia since 2009.

More recently, she was appointed in 2014 to be the Nurse Lead for Clinical Service Planning for the Woodlands Integrated Healthcare Campus (WIHC) where she was tasked to set up the Nursing Service and lead the in-patient clinical service planning. In this new role, she hopes to build a strong nursing team that will help make WIHC the campus of choice for patients and healthcare providers.
